About us

Pain Management NYC is a full-service pain control center that uses the most advanced diagnostic equipment available in the United States and is considered the best pain management clinic in New York. When you visit with a complaint of pain, you're assured of getting the best pain care possible because it all starts with an accurate diagnosis by our Ivy League trained NYC pain specialists. But that's not all that sets this top pain management center apart from the rest.

Pain Management NYC separates itself from other facilities through its hiring of top pain physicians with broad backgrounds. This pain clinic employs board-certified pain management doctors who have been recognized by Castle Connolly as Top Doctors and uses a multidisciplinary rehabilitation approach to the treatment of chronic pain. In practice, this approach delivers the best pain relief, as pain specialists in NYC from multiple disciplines including orthopedists, rheumatologists, neurologists, and physical therapists - confer on your case.

This highly specialized pain management center and injury clinic has more than top-rated, best-in-class NYC pain doctors. The pain care facility is outfitted with the highest quality medical and surgical supplies. The pain clinic focuses on interventional pain management by relying on minimally invasive pain treatments and surgeries, when necessary, that eliminate your pain and start your healing. The NYC pain relief center offers fast, effective procedures for a range of pain related injuries and disorders.

If you have any questions or concerns, our team of top pain management specialists in New York is here to help.
