About us

The ophthalmologists and retina specialists NYC at Vitreous Retina Macula Consultants of New York are internationally known leaders in diagnosing and treating retinal diseases.

VRMNY retina doctors have trained and taught at some of the world's finest and most respected academic institutions. The physicians who comprise the best retina specialists in New York are experts in vitreotomy surgery and hold academic appointments at Lenox Hill Hospital, New York University, and the New York Eye and Ear Infirmary.

Our ophthalmologists in New York City specialize in treating all medical and surgical retinal conditions, emphasizing macular degeneration and diabetic retinopathy, the two leading causes of retinal vision loss.

With state-of-the-art New York ophthalmology centers in Manhattan, VRMNY is the largest retina vitreous center in the New York Metropolitan area.

The attention, empathetic concern, and careful approach of the eye care specialists and their support team of retina surgeons explain the success of VRMNY. The over 60 member staff provides a full range of educational, medical, and surgical services. With an emphasis on patient education, the staff delivers compassionate and empowering care.

For more information about the Vitreous Retina Macula Consultants of New York, our doctors, or to schedule a consultation with Dr. Lawrence A. Yannuzzi, MD, please contact our ophthalmology practice by number: (212) 861-9797.
