## MANHATTAN'S PREMIER PHYSICAL THERAPY CENTER

## ABOUT US

Physical Therapists NYC offers hands-on, one-on-one physical rehabilitation for patients in New York Metropolitan Area. We provide a fundamentally new form of innovative and personalized rehabilitation care, combining traditional manual physical therapy for back, shoulder, hip, knee, ankle pain with alternative therapies. Our physical therapists coordinate a recovery plan using the newest technique and methods. We don't rush, and when we are working together, you always have our undivided attention. The practice has clean and top-notch equipment and friendly, experienced staff to help you recover from any injury in the shortest time possible. Outpatient Physical Therapy Center is a one-stop practice for all your rehabilitation needs. Our therapists are widely regarded, the techniques are cutting-edge, and the range of services is comprehensive.
