The Course Module

CC PRIME

It is a two year package premeditated to provide a comprehensive preparation for clearing the entrance examination for numerous Undergraduate Courses in Law, Management, Mass Communication, Hotel Management, etc. This program is suitable for students of Class XI. The students will be exposed to ample preparation during their final two school years because a fruitful utilization of this time will help them enter their dream course and college.

This course is offered in the following three phases:

1. May to December (first year): Students complete the course during their Class XI.
2. March to November (second year): Students complete the course for the second time with ample/fresh practice assessments during their Class XII. This helps them in revising the concepts and being thorough with attempting full and timed new and/or previous year's papers.

3. March end to June (third year): The students revise the entire course for the second time to further strengthen their grasp on the subjects, analyze and work on their shortcomings under expert individual guidance, and understand concepts they are less confident about. With enough practice papers and books that ISL CC provides to the students, by this time they are exam ready!

CRASH AND CRACK

- Other than the above mentioned detailed course, we also provide crash course that stretches up to three months wherein the student will be able to not only cover up the course content, but will also be appearing for several mock tests so as to polish their flawed areas. The course, though precise, will be as per the time-at-hand for the student and will cover all subjects in all their depths in very little time.
- Hence, the sole purpose of this course will be to make the most of the very little time the aspirant has at hand. No stone will be left unturned in working hard with the student and the apprentice will be exposed to only prime quality content.
- ISL CC understands the value of trust that parents and students embed in it, and it does realise the worth of their time. Therefore, none of the two would ever be taken for granted. The trust once built, will only be strengthened further with time.

CLASH IN A FLASH

- This is another worth mentioning feature other than the above two offered modules. This course can be clashed, that is, pursued by both class XI and class XII students as it offers a comprehensive preparation for the Under-Graduate courses. This planner keeps in knowledge the tuition timings and school timings of the students and offers them a slot as per their convenience, thus avoiding any and every rattle with their routine. It is also structured in such a way that the students are not burdened and their studies do not suffer.
- We create batches as per the needs of the students so that no aspirant has to compromise even in the least. These batches run simultaneously so as to let students sailing in the same boat, be at par with each other.
- The clashed course also offers preparation tests and personality enhancement classes periodically because we at ISL CC strongly believe that hard-work towards personality polish needs to begin at the earliest in order to develop a masterpiece. Most entrance exams are followed by personal interviews. This is a shaded and a dreaded arena for students. ISL CC works towards making this their strength, not only so that the 'clash in a flash', but also so that they live with confidence and heads held high in low tides as well as high.
- About us

ISL Competitive Centre is an educational institute, the prime agenda of which is to work towards the fruitful growth of the youth of the country, our children. Catering to the needs of entrance aspirants, ISL Competitive Centre not only prepares them for the highly competitive world, but also readies them for all the hurdles that life is bound to put forth on their way to progress. ISL CC strongly believes that there is no short-cut to success. Hence, we help our children understand the necessity of amalgamating smart-work and hard-work. A combination of the same along with incessant practice leaves out children with only success and victory.

Awarded as THE BEST COACHING CENTRE IN NEW DELHI (2022), ISL Competitive Centre leaves no stone unturned in living-up to the trust that parents and students place in the fraternity. A renowned faculty, well-learned teachers, 24x7 availability and a plethora of practice/mock papers are the USPs of ISL CC. We strongly believe in the thought-provoking proverb- "Don't count your chickens before they hatch". Hence, we teach our children to not be apprehensive or worrisome about the unpredictability of the future, and work hard in the now. The Covid era has indeed made us question the already indeterminate future, but we refuse to be reduced by it, and we inculcate the same in our children, the Infinitians.

Embracing the enormity that unswerving hard work offers, ISL Competitive Centre has produced brilliant results and a 100% success ratio throughout the years gone by, and there is only on intonation that ISL CC follows, adhering to its tagline, "*...beyond hesitation, lies success.*"

ISL Competitive Centre is a port that prepares and trains students for a variety of General Aptitude based exams such as-

- Management
- Mass Communication
- Bachelor in Computer Application
- CLAT/Law
- CAT
- XAT
- Hotel Management
- Scholastic Aptitude Test (SAT)
- Design

The list indeed is goes beyond. Delve into the site to know more.
